Dear Doctor:

*In early September, the National Board of Chiropractic Examiners (NBCE) mailed a letter to your office informing you that you had been selected to receive a **Survey of Chiropractic Practice** questionnaire as a part of an important research project being conducted for the chiropractic profession. Following that notification, the NBCE mailed this survey to your office, and we hope you have received it by now.*

*As our records show that your completed survey has not reached our office as of this date, please **telephone the NBCE immediately at 1-800-659-3926** if you have not yet received it. If you received your survey and have not yet completed and/or returned it, we would appreciate your doing so as quickly as possible. If you have already mailed your completed questionnaire, please accept our thanks on behalf of the chiropractic profession.*

Your participation in this research is important to the NBCE and to the entire chiropractic profession.

Sincerely,

A handwritten signature in cursive script that reads "Horace C. Elliott".
