Campus of the Nashville College of Chiropractic at 1803 West End Avenue, Nashville; catalogue indicates that "other division of the college are located elsewhere (WSCC Archives)

c1935: catalogue of the Nashville College of Drugless Therapy, Inc. lists address as 1803 West End Avenue, Nashville TN; "Officers & Faculty" include:

- *R.E. Conley, D.C., N.D., *President*, Chiropratic Theory and Practice - Physiology - Physiotherapy - Diagnosis - Practice Building
- *W. Guy Cheatham, N.D. D.C., *Dean* - Anatomy - Bacteriology - Gynecology - Neurology - Comparative Therapeutics - Physiology - Diagnosis - Chemistry
- *Q. Heady Cheatham, N.D., D.C., *Secretary-Treasurer* - Dietetics - Physiotherapy- Psychology - Gynecology - Philosophy and Practice - Massage
- *Royal A. Leslie, Mt.D., N.D., *Vice-President* - Hydrotherapy - Massage - Physiotherapy - Mechanotherapy
- *Wm. V. Blackburn, D.C., N.D. - Anatomy - Chiropractic Philosophy - Palpation - Technic - Chemistry - Physiology - Psychology - Diagnosis
- *Jas. A. Edwards, D.C., *Clinic Director* - Philosophy - Palpation - Terminology - Symptomatology - Chiropractic Mechanics
- *E. Gail Lunday, M.D., D.C., N.D. - Comparative Therapeutics, Obstetrics
- *Fred O. Bell, N.D., D.C. - Diagnosis - Theory and Practice - Palpation
- *Lena Brown Wingfield, N.D., D.C. - Technique
- *Bertha L. Leslie, R.N. - Hydrotherapy - Massage - Dietetics
- *Elizabeth R. Kinser, *Student-Help Secretary, Field Representative*

1938 (Apr): **The Chiropractic Journal** (NCA) [7(4)] includes: -"News flashes: Florida" (p. 28):

SOUTHERN STATES CONVENTION

The All Southern States Convention is now near at hand and word comes to us that many know about it and are planning to attend. It will be held Friday, Saturday and Sunday, April 22, 23 and 24, at the George Washington Hotel in Jacksonville, Florida.

On the program are many nationally known chiropractors of unusual ability who will give us a real feast of good things in our profession – things that will help each of us to build a greater practice in his own locality.

Among those who will speak are: Dr. Wilbern Lawrence, of Meridian, Mississippi; Dr. L.J.C. Williamson, of Carrollton, Georgia; Cash Asher, of Washington, D.C.; Dr. C.B. Barfoot, of Anniston, Alabama; Dr. George M. Coates, of Lake Wales, Florida; Dr. L.A. Methvin, of Nashville, Tennessee; Dr. R.W. Nelson, of Charleston, South Carolina; Dr. C.M. Kightlinger, of New York City; Dr. H.E. Stanford, of Georgia; Dr. H.H. Hon, of Anabolic Food Products Company, New York City; Dr. Lillard T. Marshall, of Lexington, Kentucky; Dr. W. Guy Cheatham, of Nashville, Tennessee; Dr. H.E. Vedder, of Indianapolis, Indiana; Mrs. Henry Stacy Dodge, of Richmond, Virginia; and last, but not least, Mr. Napoleon Hill, noted author and lecturer. A delightful banquet and dance will be held on Saturday evening.

Certainly no one can afford to miss this wonderful opportunity to benefit himself and humanity, which is being brought right to our southern states, instead of going a great distance away. It is in our own section of the country, so let's all attend and go back home greatly benefited and happier in our work. – Reported by Dr. C.E. Foster, General Chairman.

1938 (Dec): **The Chiropractic Journal** (NCA) [7(12)] includes: -mentions that Dr. W. Guy Cheatham of the Nashville Drugless College was a speaker at the Florida Chiropractic Association's 24th annual convention at Lakeland FL during October 13-14 (p. 30)

1939 (Jan): **National Chiropractic Journal** [8(1)] includes: -ad for Nashville College of Drugless Therapy Inc., located at 1803 West End Ave., Nashville; notes that Dr. Fred J. Carver will teach his "Postural Chiropractic Methods" at the school (p. 57)

1939 (Feb): **National Chiropractic Journal** [8(2)] includes: -ad for Nashville College of Drugless Therapy Inc., located at 1803 West End Ave., Nashville; notes that Dr. Fred J. Carver will teach his "Postural Chiropractic Methods" at the school; R.E. Conley DC, ND is president, W. Guy Cheatham ND, DC is dean and general manager (p. 41)

-ad for "All Southern States Chiropractic Convention" to be held in Nashville during April 21-23; Dr. Cheatham is chairman of the program committee (p. 51)

1939 (Feb 8): W. Guy Cheatham ND, DC, dean of the **Nashville College of Drugless Therapy** (which includes the **Nashville College of Neuropathy**, the **Nashville College of Chiropractic**) writes to TF **Ratledge**, notes his dissatisfaction with Wayne **Crider**, DC's recent publication of a list of schools recognized by the **NCA** Council of Examining Boards (Ratledge papers-CCC/KC)

1939 (June 29): letter from Guy Cheatham ND, DC to Wayne F. Crider DC (Ratledge papers, Cleveland Chiropractic College of Kansas City):

Doctor Wayne F. Crider
Hagerstown, Maryland
Dear Dr. Crider:

I have your letter of June 23, stating that you are, again, unable to secure any reply from the Tennessee Board of Chiropractic Examiners regarding the graduates taking the said Board from Nashville, or other Chiropractic Colleges.

Last spring when you gave this same reason as your excuse for not properly accrediting Nashville College, we went to Dr. H.E. Carrick, President of the Board, and secured from him a written statement, as you will recall, of the number of Nashville Graduates that had appeared before the Board and that they had ALL passed and that this college turned out as good or better graduates as ANY other school.

Since that time we have sent three more graduates before the Tennessee Board, ALL of whom passed.

Graduates of this college have passed the Examining Boards, and been licensed, in three states --- that you do not get those reports is, from now on, your problem and not ours. It is evident that ALL Examining Boards are NOT in harmony with your policies and are not cooperating with your Council.

So far as this college is concerned, you can do whatever your please, we are not going around beseeching Examining Boards to furnish you data, because you have not played fair with us in the past, and we have no assurance that you will in the future.

We shall, however, hold you strictly accountable for any statements you may make, and shall hold the Chiropractic Journal, or any other publication accountable for ANYthing it may publish, that in any way reflects on our standing or damages the prestige of Nashville College.

This irresponsible writing-up your opinion of schools has gone far enough, Dr. Crider. Other schools can do as they please, but we just aren't going to stand for it. And we believe you will find plenty of other good schools in exactly the same frame of mind.

You have started out on the wrong log, and are working contrary to a well established principle of English Law. Before the law, a man is PRESUMED to be innocent, UNTIL he can be PROVED guilty. but you START OUT by assuming that a school is a "son of gun" --- unless it happens to stand in with you or some of your buddies --- and then the school extricates itself as best it can.

So far as we are concerned, we have done all the extricating we are going to do. From now on, we are going to let you do the extricating.

Since you have raise this subject again, I want to call your attention to the inconsistency of your "Committee."

You claimed to have DEgraded us, because you couldn't hear from the Tennessee Board, and as you thought all our students were licensed in Tennessee, you said you were not justified in grading us A-1 --- EVEN THOUGH WE MORE THAN MET ALL YOUR STANDARDS.

Alright then, WHY did you fail Texas? They met your standards as to experienced faculty, sufficient equipment to meet your requirements --- and with hundreds of graduates in the field --- in MANY states --- certainly you could get reports on them?

And with thousands of good chiropractors in the field WHY was Carver College, the Alma Mater of several NCA officers, "failed"?

Why Ross-O'Neil with one of the best Chiropractic teachers in the U.S., and with graduates in every state in the Union? Why has EVERY school in the state of California failed?

And, for that matter, why EVERY school South of the Mason and Dixon Line?

Now Dr. Crider, some people still contend, in spite of the unfair things you have done, that you are just a good man gone wrong. Your friends insist you meant well when you started out, but that you got in water over your head and began to flounder, and that you have been influenced by others who did not mean well, etc.

Whether you started out meaning to do right, is not for me to say--- in any event, you haven't played square nor been on the level in your analysis. And, it seems to me, you have come to the place where it's time to sit down and take careful inventory of YOURSELF AND of YOUR methods, because something is wrong SOMEWHERE.

So long as you were on the Maryland Board, you had a certain amount of authority IN the state of Maryland, but now you are utterly WITHOUT authority ANYwhere, and have, absolutely unauthorized, (at least by anyone with proper authority) pulled off a very damaging high-handed and uncalled piece of business.

Then, in an attempt to save your own face, you have tried to lay the fault on the schools you badly damaged and evidently tried to ruin--- which schools were NOT in ANY MANNER bothering YOU, and most of which were in operation when you started practising.

Now for just one school to raise a rumpus might indicate that the fault lay with them but for more than HALF THE SCHOOLS in the U.S. to raise up, doesn't look good for you or your fair intentions.

No school, worthy of the name, has the slightest intention of standing for this situation. We are merely waiting until they see whether the NCA is going to rectify this, and give you the spanking you deserve, or not.

But if the NCA backs your past attitude and conduct, without correcting the injustice you have done, we will immediately have a situation that will NEVER be patched up, and that will ultimately see the end of Chiropractic --- or at least, of the NCA.

You can take these remarks for what they are worth. We were once one of the warmest supporters you had --- and worked, tooth and nail, to defend both your INTENTIONS AND your plan. Today, I have lost every bit of confidence I ever had in you, or the fairness of your purpose.

Some months ago I asked you to resign, to save the situation from irreparable harm, and you refused, but shortly afterwards the Journal made a half-hearted, almost hidden, apology for your article, and then your Council was dropped from the Directory. So I thought you'd have the good judgement to get out of this thing, but here you are again with one of those sublely irritating and unreasonable demands of yours.

Now enough of anything is enough. Besides it seems to me, knowing our frame of mind, and how all we schools --- at which you had already made a deceitful and false dig in your article --- felt --- it seems to me, I say, that you would have had the good judgement to have, at least, left us alone, until we saw what could be patched up at Dallas.

Since you haven't, I'm going to tell you, for once and for all --- this college is through with you. You get yourself out of our affairs and leave us alone. If our recognition has to come through you, we don't want it --- we'd rather go free lance than to accept recognition from your hands.

I believe you'll find PLENTY of other schools that feel the same way. And since your letter has thoroughly re-aroused my antagonism, I am going to join ANY movement I can find to put a stop to this confounded meddling.

Very truly yours,
WGC/mh

W. Guy Cheatham, N.D., D.C.

1939 (July): **National Chiropractic Journal** [8(7)] includes:
-W. Guy Cheatham of the NCA Committee on Rating of Chiropractic Institutions and dean of the Nashville College of

Drugless Therapy, will speak on "Chiropractic Standards" at the upcoming convention of the NCA (p. 35)

-"About fever therapy" by G.W. Cheatham (pp. 24-5)

1945: W. Guy Cheatham is listed as "President, Nashville College of Naturopathic Medicine" at 220 Boscobel St., Nashville; residence at 817 Boscobel St., Nashville (Yearbook, 1945, p. 108)

1947 (June): **National Chiropractic Journal** [17(6)] includes:

-Harry K. McIlroy, D.C. authors "Pioneer passes on" (pp. 60-1):

DR. FRED J. CARVER, claiming Wichita, Kansas, as his home was born near Gibson, Iowa, April 24th, 1882 the son of John Waterman Carver and Eliza Nutting Carver, died April 24, 1947. His mother became one of the first patients of Dr. D.D. Palmer.

He had his first adjustment from his brother, Dr. Willard Carver, at about the age of 24 or soon after the founding of Carver College of Chiropractic and after his medical physicians had given him only twelve hours to live. His early recovery accounted for his unusual interest in the profession to which he devoted his life.

Dr. Carver entered the Carver-Denny, now the Carver Chiropractic College, in December, 1908, graduating in July, 1909 and later receiving an honorary degree of Master of Chiropractic in June 1912. M.C. Degree was conferred by **Nashville College of Drugless Therapy** in 1936, honorary degree Bachelor of Therapeutic Sciences conferred by the **Western States College** in 1935 and an award by the **Standard Chiropractic College** of California in 1938. From the NCA he has the plaque for twenty five years of service and the certificate of merit for scientific research in 1937. He was voted membership in the International College of Chiropractors (honorary) July, 1939.

He attended classes in chiropractic schools for a period of five years and conducted instruction in clinic department of Carver College with charge of public clinic for five years. He also conducted the private instruction in his own office for two years and since then has taught P.G. courses except only in 1939 when he began a six months course of instruction for the **Nashville College of Chiropractic**, Nashville, Tenn. finishing in July 1, 1939.

During his years in chiropractic he published numerous articles and educational notes, but the results of thirty years clinical observations and research work are contained in his book, "The Postural Method of Chiropractic Diagnosis and Adjusting" published in June, 1934, which presents the work of the chiropractor from a viewpoint that he claimed is new to the majority of the profession, namely that nature, for health requires normal position, proper relationship, possible full range of movement, and normal motion of all vertebrae, parts and organs of the human body, to produce all normal bodily functions and normal posture, in any position in which the body is required to serve in the many and varied physical activities of life. **Adjusting a vertebrae to secure its return to its full range of normal movement is quite different, claimed Dr. Carver, from adjusting the same vertebrae to reduce a subluxation.**

Dr. Carver had hoped that the entire profession might some day accept and apply his works in all branches of the drugless profession, thus binding them together in harmony, through more complete understanding of each other's problems.

Dr. Carver leaves a host of friends and students who will mourn his departure and we shall miss him at our state and national conventions where he gave of himself no end by his instructive and encouraging lectures. His teachings and his works shall live with the

chiropractic profession throughout the years to come. – By Harry K. McIlroy, D.C., Secretary, International College of Chiropractors.

1949 (Sept): **JNCA** [19(9)] includes:

-"Dr. Halsteen passes on" (p. 70):

The entire chiropractic profession was shocked to learn of the passing of Dr. Thor H. Halsteen, 52, on July 7, 1949 following an operation at Parkview Hospital, Los Angeles, Calif.

Dr. Halsteen was very active in both professional and civic affairs and contributed much toward the success of his profession.

He was born in Drammen, Norway, May 20, 1897. Here he received his high school and college education, graduating from the University of Oslo. He was married to Kristine Naess in 1923 and came to the United States in 1924. He attended the Palmer School of Chiropractic in Davenport, Iowa, and was graduated in 1926, establishing his first office in Iowa Falls, after taking post-graduate work at the Lincoln, National and Nashville colleges. Dr. Halsteen was licensed to practice in Iowa, California, Colorado, Maryland and Florida.

He served as president, vice-president, and secretary of the Iowa Chiropractic Association, was state delegate to the NCA, and edited the Hawkeye Chiropractor. He was also president of the Executive Committee of the Lincoln Chiropractic College and vice-president of the National Council of Chiropractic Roentgenologists, later becoming a Fellow of the International College of Chiropractors.

Besides the many offices held professionally, Dr. Halsteen was also president of the North Hardin County Chapter of the American Red Cross, chairman of the Boy Scouts of America, Iowa Falls, Iowa, worshipful master of A.F. and A.M., member of the Knights of Pithias, the Lutheran Church, Civilian Defense Council, and director of first and life saving in Iowa Falls.

He moved to California and was a member of the California Chiropractic Association since its inception in 1944. He became president of the CCA in 1948, and headed the list for new members in the NCA in 1948-49.

The profession extends sincerest sympathies to Mrs. Halsteen and two daughters, Elizabeth Anne and Laila Marie. Dr. Halsteen's passing is a great loss to chiropractic.

Correspondence:

1994 (May 24): letter from H. Michael McTeer, HC01-Box 2181A, 29 Palms CA 92277:

Dear Dr. Keating,

Thank you very much for your letter of 20 May 1994 in response to Dr. Carl Cleveland's letter.

My interest is purely genealogical. Guy Cheatham was my grandfather's brother. So my desire is to obtain what biographical information which may be available.

I shall certainly write to Dr. Lensgraf.

Once again, thank you for your letter and pointing me in the right direction.

Sincerely, H. Michael McTeer

1997 (Nov 26): letter from H. Michael McTeer, HC01-Box 2181A, 29 Palms CA 92277:

Dear Dr. Keating:

In 1994 I had contact regarding my great uncle Dr. Cheatham of the Nashville College of Naturopathic Physicians, Nashville, Tennessee. You referred me to Dr. Arthur B. Lensgraf of Nashville.

I have otherwise been engaged for the past couple of years and could not conduct any research/inquiries. In your letter of 24 May 1994, you indicated you had some information on Uncle Guy which you were willing to share. If the offer still stands, I would be interested in receiving it.

Obviously, my primary interest is in genealogical data. What information I have of Uncle Guy is very skimpy. I do not even have his birth or death date. I met him once when I was about ten. My

family traveled to Florida. He had built a small pond in hi sback yard and stocked it with fish. But his dream fishing spot was interrupted by an alligator who had taken up residence there. Is his school still in operation (220 Boscobel St.?)? I would be very interested in learning where his personal papers are being retained.

Thank you for your time and consideration.

Sincerely, H. Michael McTeer

2001 (June 22): e-mail from Thomas Lawrence DC (Tlaw4201@aol.com)

Hello Dr. Keating,

Thanks for the copy of the letter written by my father to Dr. Cheatham. It was very interesting to me. I had a casual acquaintance with Dr. Cheatham, but never a close friendship as my father had with him, but I seem to remember that he objected to the word "Chiropractic" as a proper nomenclature for our profession. As I remember, from a brief conversation with him, he preferred the word "Neuropathy" as a more proper name for the science and practice as taught in his school.

I did know Dr. Carrick quite well. He was a member of the Tennessee Board of Examiners when I took that Board immediately after my graduation from Carver Chiropractic College in 1938. The other two Board members were Dr. Conley and Dr. Metsger. The Board took several of us to a local doctor's office for a practical examination. Dr. Carrick assigned himself to be my patient. I determined that my first procedure should be to use an infrared lamp which was alongside the adjusting table, to relax the patient. I grasped the vertical shaft of the lamp stand and positioned it over the patient, and began to palpate the patient. Alas, I then discovered that the shaft had been lubricated with a black and repulsive grease, and I had massaged it into the pores of my patient's dorsum. Dr. Carrick passed me for my license and let me develop a friendship through the years, however, he never let me forget that faux pas.

I am almost certain he told me he practiced Medicine before he learned of Chiropractic. He admired Dr. D.D. Palmer, but disliked Dr. B.J. Palmer. He was a large man with an impressive appearance and an imposing demeanor. I invited him to speak at a convention of our Mississippi Chiropractic Association. He was an entertaining and convincing public speaker and made a good impression on half of the audience but sadly displeased the other half when he made a disparaging remark about Dr. B.J. Palmer. This was at a most inopportune time just after the straight and miser associations in the state had amalgamated. It almost caused the unity effort to have to go back to square one, but somehow we weathered the storm.

Thanks again for your kindnesses,

Tom
