...After several years of planning and frugal management, Dr. and Mrs. Henry G. Higley finally were able to undertake a well-deserved trip to Europe last summer. They went by boat directly to Spain and landed in the vicinity of Gibraltar. While there they slipped across the strait over to North Africa. They then returned to the European Continent and headed for Switzerland, France, Austria, and Italy. In Switzerland Dr. Higley met with Dr. Illi and several other chiropractors, all of whom were most friendly and accommodating. He found the average Europeans a strong sympathy and appreciation of chiropractic. Mrs. Higley, who is a **college music teacher** by profession, delighted in visiting some of the birth places of a few of the great classical composers. Dr. and Mrs. Higley, we are happy that you enjoyed your European sojourn, but we are also glad to have you back again!
