

*National Chiropractic Journal* 1942 (May); 11(5): cover; "The Front Cover" (p. 7) notes: "The cover this month carries an excellent likeness of Dr. Waldo G. Poehner, Vice-President of the National Chiropractic Association and Research Director of the National Council of Chiropractic Roentgenologists. Dr. Poehner has an intense interest in organization work and has provided dynamic leadership for the Council of Roentgenologists for the past several years. So this month we salute Dr. Waldo for his many activities on behalf of the profession."
