Dear Tom,

In reply to your editorial in the May issue (which I thoroughly enjoyed), I've enclosed a list of brand name chiropractic techniques that I had put together a few years ago. I've highlighted **IN RED** those items that I couldn't find on the list you published.

By the way, you're still listing my address as Sunnyvale, California on the inside front cover....time to update, please. My address at Western States Chiropractic College is: 2900 NE 132nd Avenue, Portland OR 97230 USA.

Hope this helps. Enjoy!

Sincerely,

Dear Ian,

Attached is a short list I put together from my shelves in an evening. Can you and your folks help me add to this? Without a comprehensive list we'll never be able to determine whether Dr. Morter's is truly the BEST technique!

Thank you for the letter of recommendation. See you on the west coast.

Sincerely,
